RAMDAS NAIK

PENETRATION TESTER

📞 8660710975 ✉ ramdasnaik200@gmail.com 📍 Bengaluru, Karnataka

Aspiring Cyber Security Specialist with strong foundational knowledge in vulnerability assessment and penetration testing across network, web, active directory. Hands-on experience gained through Capture the Flag (CTF) challenges on platforms like VulnHub, TRY HACK ME, and PortSwigger. Skilled in threat detection, prevention, and basic analysis. Passionate about ethical hacking and continuously learning through real-world scenarios and labs.

PROFESSIONAL EXPERIENCE

Sure trust   *Jan 2025 - Present*

CYBER SECURITY INTERN

Performed projects focused on network and web security, using tools like Nmap, Wireshark, and Burp Suite for vulnerability assessment and threat analysis. Performed hands-on testing for common web vulnerabilities such as XSS, SQL Injection, and security misconfigurations using Burp Suite, and manual techniques. Applied security best practices to enhance the security of web applications and network setups, while documenting findings and mitigation strategies.

EDUCATION

GOVERNMENT ENGINEERING COLLEGE HAVERI   *Dec 2021 - May 2025*

Bachelor's in Computer Science and Engineering |CGPA 7.77

JAWAHAR NAVODAYA VIDYALAY   *Aug 2020 - Jul 2021*

12TH CBSE | PERCENTAGE 85

JAWAHAR NAVODAYA VIDYALAY   *Aug 2018 - Jul 2019*

10TH CBSE |PERCENTAGE 87

SKILLS

Penetration Testing: Web, Network, Wireless,

Security Assessment & Tools: Burp Suite, Nessus, Nmap, Wireshark, Metasploit, Routersploit,

Scripting & Automation: PowerShell, Python, Bash, Red Teaming: Bloodhound, CrackMapExec, netexec,

Vulnerability Management: OWASP Top 10, NIST, Shodan,

Platforms & CTFs: VULNHUB, TRYHACKME, PORTSWIGGER
